EDUCATION

| | |
|--|-----------------------|
| B.Sc Electrical Engineering at National Tsing Hua University | Sep 2014 till present |
| Taipei Municipal Jianguo High School scientific experiment class | Sep 2013- Jun 2014 |
| Taipei Municipal Jianguo High School | Sep 2011-Jun 2014 |

ACTIVITIES EXPERIENCE

Part-time Work Experience

Taipei Municipal Jianguo High School

Taipei high School Student Scientific Research Award Implementation Plan
My first scientific research.

National Tsing Hua University

NTHU-WENFU--Volunteer Services

Feb 2016 - Feb 2016

Using games and activities to teach primary students some life knowledge and try to arouse student's learning interest.

NTHU-WENFU- principal of summer camp

Apr 2016 - Aug 2016

I'm the leader of all activities prepare.

NTHU-EE-NeuroEngineering Lab Member

Jun 2016 - Aug 2017

My undergraduate research. This research is about SNN hardware component, I have to design a spiking generator with Poisson distribution using integrate circuit design.

EECS822lab Member

Apr 2016 - Aug 2017

I'm the 3D printer manager. EECS822lab is a space for all EE & EECS students to build or test their idea.

Other

Tutor:

High School Mathematics + Physics + Chemistry

Jul 2015 - Aug 2015

HONORS

Taipei Municipal Jianguo High School

On campus scientific exhibition

Excellent work

Taipei high School scientific exhibition

Excellent work

SUMMARY SKILL

Language Skill: Fluent in Chinese · Intermediate in English

Computer Skill: MS Office, Solidworks, 123D design, python, C/C++, Hspice

Recent planning

Start my second undergraduate research

Finish the course about CNN with python at Udemy.
